## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach nor suggest forming a sealant on a first panel and dropping liquid crystal on first panel. The prior art of record shows but does not explicitly teach a slight shift in the dot rows from one row to the next. The prior art teaches forming a seal on the first substrate and dropping the liquid crystal on the second substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
